Best experience I have had
signing up for insurance!
Loved the ease and the
customer support. Thanks!

HR software to help you manage your company's growth

PTO

Setup holidays, manage PTO policies and track time off requests all within EaseCentral. Employees can request time off and managers can approve on the go, perfect for busy teams.

Performance Reviews

Using EaseCentral, managers and HR can create custom performance reviews. Once created, they can save performance review templates and share them with other managers within their organization.

Company Directory

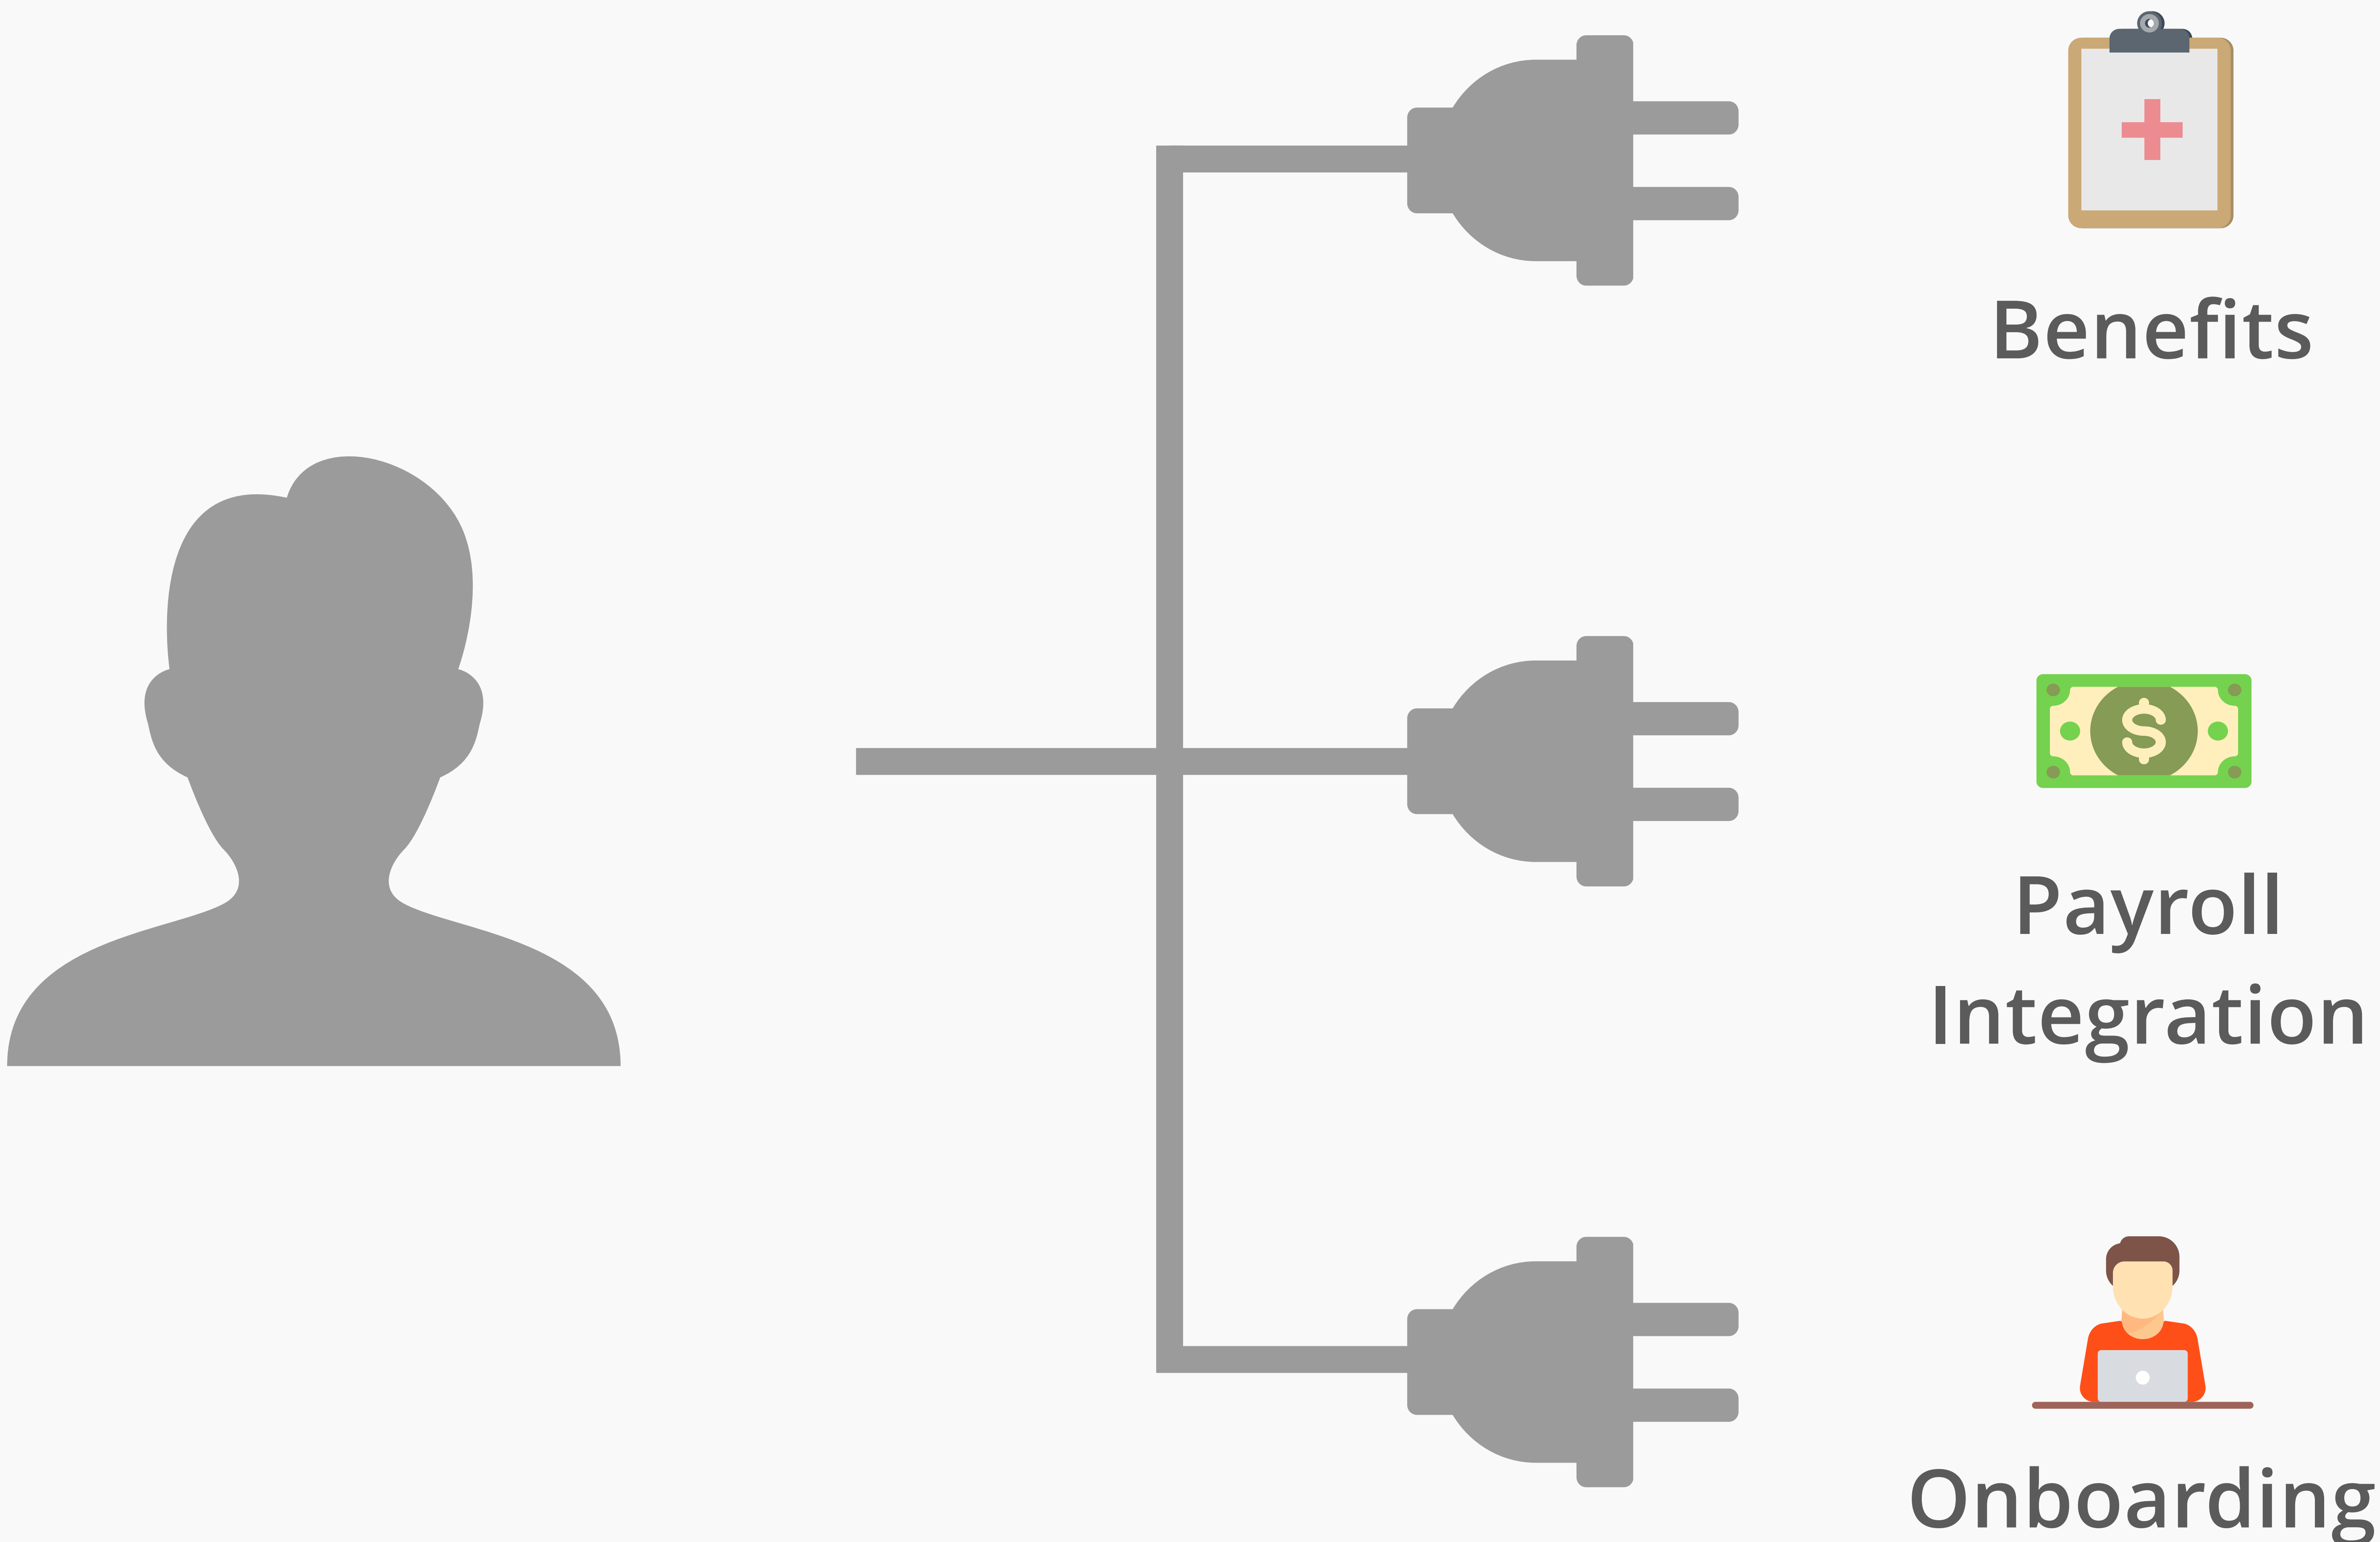

One complete directory for employee contact information. View by name, location and department. No setup required.

Company Stats

Company executives and HR admins can make better decisions with visualized HR stats, including employee growth, company diversity and more.

HRIS instantly syncs with all your
EaseCentral services.

Getting Started

HRIS uses the same login and employee information from benefits enrollment, making setup painless. One setup for Benefits, HRIS, Onboarding and more.
